INFORMATION:

A request was made through the Fire Marshall Division that I offer assistance in the investigation of possible multiple arsons at the below venue. On the below date and time I met with the complainant and Spl/Lt. Larry Lewis FMD at the sixth district headquarters. I was advised that there had been five suspicious fires at the camp. Of the five fires there had been two confirmed arsons and three undermined fires. There was currently no good suspects in the case(s). I was given an overview of the investigations to date and an overview of the Owisippe scout camp.

S/A Marquardt advised that he was currently assigned the case and was completing further background investigations into all of the fires. Marquardt advised that he has begun his investigation and summary of the prior investigations from the local departments. See "Incident Summary". Marquardt advised that he will be working the case more in the near future and could use assistance in possible interviews that will need to be conducted. I advised that I would be available to assist him in any way he felt necessary.

Most of the fires were investigated by Det. Terry Leonard of the Muskegon county sheriffs dept. He has since retired and the Bureau of Alcohol, Tobacco and Firearms has been requested to take those cases over.
